

Limited Warranty

Your purchase includes the following warranty which is in lieu of all other express warranties. This warranty is extended only to the initial consumer purchaser. This warranty gives you specific legal rights. You may have other legal rights which vary from state to state.

THIS WARRANTY DOES NOT COVER:

- Normal wear and tear
- Wearable items, such as tires, inner tubes, bearings, etc.
- Paint/finish
- Improper assembly and modification of the product
- Improper follow-up maintenance
- Installation of components, parts, or accessories not originally intended for or compatible with the product as sold
- Damage or failure due to accident, misuse, overweighting, abuse, or neglect
- Labor charges for part replacement or changeover

Limited Lifetime Frame Warranty

Frame brackets and wheels (component) are guaranteed against manufacturing defect (defined as a defect in materials or workmanship as delivered with the product) for as long as the original purchaser owns FATWHEELS®, subject to the terms and conditions of this limited warranty. If a component failure should occur due to faulty materials or workmanship during the guarantee period, the “component” will be replaced with the same or most nearly compatible component available. The component must be returned for inspection at the customer’s expense and include a copy of the original and dated purchasing receipt.

Useful Lifecycle

Every FATWHEELS® kit (product) has a useful life cycle. The length of useful lifecycle of a product or component is not the same as the warranty period and will vary depending on the type of bike, riding conditions, and care the product receives. Competition, jumping, downhill racing, trick riding, trial riding, riding in severe conditions or climates, riding with heavy loads, or any other non-standard use can substantially shorten the useful product lifecycle. Any one or a combination of these conditions may result in an unpredictable failure that is not covered by this limited warranty. All components should be periodically checked by qualified bicycle mechanic for indications of potential problems, inappropriate use and/or abuse. These are important safety checks and may help prevent accidents, bodily injury to the rider and a shortened product lifecycle

Terms and Conditions

Any other warranty claim not included in the statements above is void. This especially includes installation, assembly, and disassembly costs. The limited warranty does not cover paint damage, rust, any modification made to the product, normal wear and tear, improper assembly or maintenance, and installation of parts or accessories not originally intended or compatible with the product as sold. The warranty does not apply to damage or failure due to accident, abuse, misuse, neglect or theft. Claims involving these issues will not be honored.

It is the responsibility of the individual consumer purchaser to assure that all functional parts are initially adjusted properly, and subsequent normal maintenance services and adjustments necessary to keep the bicycle in good operating condition are properly made. This warranty does not apply to damage due to improper installation of parts, installation of any kind of power plant or internal combustion engine, modification or alteration of the product in any way, or failure to properly maintain or adjust the product. NOTICE: Product specifications subject to change without notice

This is the only warranty made by FATWHEELS®. There are no other warranties. Any warranty that might otherwise be implied by law including, but not limited to any implied warranty of merchantability or fitness for a particular purpose are limited strictly to the applicable length of this limited warranty.
